UNLOCK YOUR POTENTIAL IN WEST AFRICA

Securex West Africa is the regions' leading exhibition and conference for the security, fire, facilities management and smart cities sectors. Bouncing back in 2022 for it's 10th Edition, following a two year pause for the pandemic, the results were outstanding and it was very well received with record attendance bringing the industry back together.

At the exhibition expect to meet in person with 120 brands and more than 3000 buyers, business owners and end users. Offering the chance to showcase your products live and demonstrate the sophisticated ways they can benefit those who attend.

There is no other platform in the region that can provide so much access, over such a short amount of time, so you really can't afford to miss out.

20+ COUNTRIES

3,500+ VISITORS

120+ EXHIBITORS

WHY EXHIBIT?

Demonstrate your products first-hand

Increase your sales conversions

Network

Benchmark yourself

Discover market opportunities

85%

of visitors had Purchasing Power

23%

increase in attendees since 2019

WHY LAGOS?

As the commercial capital of Nigeria and to some extent the whole of West Africa, Lagos is the perfect location to hold Securex.

It's one of the best connected cities in the region with many international and domestic flights coming in daily. Victoria Island, where the exhibition is located, is the Central Business District for the city and where a large number of international Bluechip companies have set up their offices as well as an expansive local market. All these reasons mean you can be confident of meeting the right people from Nigeria and the wider West African market.

SHOW FEATURES:

THE CONFERENCE

The Conference Theatre will hold discussions on the status of the industry, international and regional trends and provide insight on opportunities available in the market place from industry leaders working on it day to day.

TECHNICAL WORKSHOPS

The Technical Workshops will provide a platform for exhibitors to showcase their equipment and services to a larger audience than can fit on their stand and offer the opportunity for the audience to interact and engage directly with the products and speakers.

EXHIBITING WITH US

Here at Afrocet Montgomery we pride ourselves on running international events that are fully integrated in the local market place.
